Tradition. Passion. Quality. Design.

We are FunderMax – an Austrian company steeped in tradition. Just like the raw materials we work with – we have grown organically too - from a small family business into a top international player. Our roots are in wood processing, with a product portfolio featuring the highest quality materials made from wood and laminates. As such, we see ourselves as experts.

We're constantly developing. Pushing ourselves to set the pulse and be a trendsetter for all of our customers in both industrial and private sectors. We're just as committed to our employees too. Our ultimate goal is to inspire through our designs, and to convince by delivering sustainable value.

We are FunderMax. A company that creates the future, today.

Your FunderMax Individualdecor

Individual designs for more creative projects - with FunderMax Individualdecor your vision has no limits. Whether it's furniture, doors or interior design, you can achieve exactly what you've imagined. Bring your vision to life, create your own decor!

Unique applications:

- ➔ exclusive furniture and shop designs
- ➔ decorative wall coverings
- ➔ individual door designs
- ➔ creative bathrooms and wet rooms

Four steps to your dream design:

1. The idea

Design your decor and select the appropriate material from the FunderMax product range.

2. Expert advice

Do you have sketches and digital images of your design? Send them across to the FunderMax Product Management team.

➔ individualdecor@fundermax.at

3. Service & samples

FunderMax will optimise your desired design and if required, produce an original sample.

4. Production & manufacturing

After a final, successful quality inspection, your material will be produced with your very own FunderMax Individualdecor.

Our Surfaces

FunderMax is a source of inspiration and facilitator for striking interior design. Our exceptional finishes let you create the most unique and beautifully textured furniture, cabinets, wall cladding and doors.

SU – STRUCTURA

This refined surface with its porous structure is not only perfect for wood decors, it also offers a natural impact with plain decors.

MT – MATT

This surface provides just the right balance between matt and shimmering elements. Impressive with its neutral appearance.

AP – APTICO

This matt surface sensation is the result of a specialist patented technology: easy to clean, excellent to machine and visually irresistible.

GA – GRAFICA

Inspired by stone and concrete, this surface boasts a slightly rough finish, enhancing any decor with its exceptional, gentle light refraction.

LI – LIGNUM

The perfect partner for any wood decor. With its fine grain, this unique surface offers distinctive visual appeal and a truly tactile experience.

SG – MIRROR GLOSS

Technically it's almost impossible to achieve a glossier look. Mirror gloss is a high quality surface with an impressive finish bringing elegance to every piece of furniture.

NA – NATURA

Naturally beautiful, with a delicate structure, this surface skillfully captures the natural beauty and resilience of nature, transferring them perfectly into the world of materials.

SF – SOFTFINISH

Robust, yet soft. The specially recessed structure of this surface offers a delicate yet slightly grainy finish which is intriguing to both the eye and touch.

FH – FINE HAMMER EMBOSSED

Versatile, easy to clean and highly resistant: One of our classic surfaces which has proved itself in interior design for many years.

**Colours evoke
so many things in our minds.
They awake emotions.
Through their diversity,
we can express our feelings.
Colours let us create our environment.**

**Discover
the possibilities!**

Let us inspire you:

www.fundermax.at/en/references

A modern living room with white furniture. On the left, a white shelving unit holds a vase with tall grasses and a stack of books. In the center, a white sofa is visible. On the right, a white TV stand holds a large flat-screen TV. The wall behind the TV features a large window with a pattern of colorful speckles and streaks, suggesting a natural or abstract theme. The overall aesthetic is clean and minimalist.

**Who doesn't like
to be surrounded by nature?
Now you can welcome the outside in.
Nature grounds us and allows us
to put down roots.
Nature inspires with its diversity.**

Star Favorit

The star of interior design

**A brand which lives up to its name.
Star Favorit allows you to fulfil your clients wishes
to the utmost satisfaction!**

Star Favorit combines the qualities of the most refined decor and sophisticated surface, delivering a product quality you can feel.

These melamine faced chipboards are created from homogenous chipboard and resin-impregnated decor papers. Star Favorit panels are perfect for indoor use and creating a variety of furniture for both residential and commercial sectors. Depending on the design, these panels can be used in wet areas and coated with a flame retardant barrier.

The advantages:

- ➔ impact resistant
- ➔ scratch resistant
- ➔ easy to process
- ➔ optimal cost-benefit ratio

Applications:

Kitchen cabinets, high quality furniture, partitions, furniture, bathroom furniture, functional furniture, shop-fittings, building construction

Star Favorit Superfront Super Tough!

**Where abrasions, impact and scratches are commonplace,
it takes a material that isn't at all common to withstand the pressure.
Be impressed by Star Favorit Superfront.**

Star Favorit Superfront is a melamine faced chipboard with a thicker layered structure. This not only delivers better surface stability and durability, but increased impact resistance too - making it ideally suited for areas with increased stresses, such as for furniture, fronts and wall cladding.

Star Favorit Superfront is also available with a white core.

The advantages:

- ➔ increased impact resistance thanks to a thicker layer structure
- ➔ smoother surface structure
- ➔ easy to clean
- ➔ solvent resistant

Applications:

Furniture, furniture with mitre joints, wall protection

Photo: Bernhard Schramm, Headquarter Tetra Pak Austria

Max HPL

The classic choice for furniture and interior design

Laminate (HPL) is a particularly decorative material. It's exactly because of this, that Max HPL is the first choice for interior projects where high quality and design are a must.

Photo: Gerald Lechner

Produced using sophisticated technological processes Max HPL is characterised by its robustness, thermal resistance and its versatility - it can be used for so many interior applications.

Max HPL is a duroplastic high pressure laminate according to EN438-3*, made up of several layers of resin-impregnated papers, compacted under high pressure at high temperatures. The end result is a material unlike no other. Available in a wide range of surfaces, from high-gloss to deep matt, this exceptional material can be processed easily and is therefore ideally suited for furniture production and shop-fitting.

Max HPL is also available with a white core, as post formed panels or with individualdecor.

The advantages:

- ➔ available in three sizes
- ➔ high resistance to abrasion, shocks and scratches
- ➔ increased impact resistance
- ➔ easy to clean and resistant to household chemicals
- ➔ food safe
- ➔ heat resistant

Applications:

Furniture fabrication, interior design, commercial installations, shop-fitting

^{*)} Due to our production process, laminate thicknesses may vary slightly from the 1mm tolerance stipulated in EN438: thickness tolerance -0.2 / + 0.1 mm. These tolerances do not affect the usability of the supplied laminates.

Max Compact Interior

When only the best is good enough

Max Compact panels are perfect for high quality interior design, in so many instances.

Totally versatile, Max Compact Interior can be adapted to suit a variety of applications, delivering exceptional standards - always.

Dependable, durable and decorative, these carefully developed laminates with dual sided decor are both sleek and robust. Nearly every decor in the Interior Collection range is also available as a Max Compact Interior panel. And with Max Compact Interior Individualdecor, your creativity will know no limits. Thanks to this extensive selection, these panels blend harmoniously into the overall look of any room - fulfilling your design requirements beautifully.

Max Compact Interior is suitable for even the most challenging applications, as within medical, sanitary and cubicle sectors. The panels are also available with white core.

The advantages:

- ➔ excellent mechanical properties
- ➔ resistant
- ➔ easy to clean
- ➔ solvent resistant
- ➔ resistant to constant moisture
- ➔ sleek yet durable material

Applications:

Sanitary and wet rooms, wall cladding, railing panels, cubicles, furniture, tables

Photo: Kleines Hotel Kärnten, Architekturbüro Traning/Walder

Max Compact Interior Plus

The surface that gives you more

A panel that, with its high density surface, satisfies even the highest standards of hygiene and resistance.

Max Compact Interior Plus is a high pressure laminate (HPL), which is double-hardened, bonded and sealed with a urethane acrylic coating.

Ideally suited to demanding applications and areas which are heavily frequented and depend on the highest levels of hygiene and cleanliness. Thanks to their outstanding surface properties, Max Compact Interior Plus panels are easy to clean and just as easy to disinfect as stainless steel or operating theatre tiles.

Also available in F-quality.

The advantages:

- ➔ closed surface
- ➔ easy to disinfect
- ➔ durable and tough
- ➔ easy to clean & easy to remove lime-scale
- ➔ size and decor variety

Applications:

Furniture, wall cladding, medical environments, sanitary areas, schools, nurseries, hotels, public spaces (airports, train stations), food processing industries, industrial kitchens and public transport

Max Compact Interior Plus's design selection corresponds with the FunderMax Exterior Collection, which can be found at www.fundermax.at/en/exterior

Max Resistance²

Highest quality for absolute durability

FunderMax excels when it comes to the decor of sophisticated buildings. When absolute cleanliness and durability are a must, Max Resistance² is your product of choice.

Composed of carefully selected and tested raw materials, Max Resistance² is suitable for even the most challenging applications. These homogeneous compact panels are pressed using enormous heat and high pressure, to create a unique product that is colour-fast and boasts greater chemical and mechanical resistance.

Seamless and fully enclosed, this unique material can resist constant exposure to moisture. Even highly concentrated acids and solvents as well as aggressive cleaning-agents and disinfectants do not alter the surface or colour - making Max Resistance² the ideal choice for industrial laboratories, research-centres, hospitals, the food industry and everywhere where ultimate durability is depended upon.

The advantages:

- ➔ excellent mechanical and physical properties
- ➔ acid and solvent resistant
- ➔ excellent chemical resistance
- ➔ abrasion resistant
- ➔ resistant to cold shock
- ➔ food safe and antibacterial
- ➔ usable on both sides

Applications:

Furniture, tables, lecterns, claddings and worktops for the medical sector, industrial laboratories, photo labs, schools, universities, research centres, industrial kitchens

Max Resistance² Range of decors

Black core, no treatment or sealant needed;
same decor and surface on both sides. With Max Resistance²,
design and application have no limits.

m.look

Creative wall protection system

An innovative wall protection system and wall cladding which opens the door to a world full of visual highlights, architecturally limitless ideas and sophisticated technical possibilities.

Photo: Kurt Kuball

Decorative, durable and structurally sound, the m.look wall protection system sets a new trend and a new standard in the architectural field. It consists of a large area panel featuring a heavy duty core, with decorative HPL surfaces on both sides according to EN 438.

Whether public buildings or multidimensional structures - thanks to the wide choice of interior decors available, m.look makes the most creative designs achievable. The wall protection system is mechanically secured in a concealed way and completed with metal exterior and corner profiles. Sold exclusively through our qualified wall protection system distributors, who will provide installation advice and guidance.

The advantages:

- ➔ approved by DIBT as wall and ceiling cladding.
- ➔ certified according to EN 13501.1- A2s1d0
- ➔ scratch-proof, moisture-proof, heat- and frost-resistant, dimensionally stable.
- ➔ integral impact resistance (collision with eg. beds)
- ➔ chemically resistant surface
- ➔ light disinfectability of surfaces
- ➔ proof for easy cleaning of surfaces
- ➔ permanent anti-graffiti resistant
- ➔ optimum mounting prevents the harbouring of germs and bacteria

Applications:

Escape routes, lift areas, hospital and nursing home corridors, shopping centres, classrooms, office buildings, entrance halls in hotels, sports arenas, cinemas, assembly rooms

Biofaser

At home with nature

A material that stands for healthy living both at work and home. A result of decades of commitment to sustainability.

Long before sustainability became a 'buzz word' within the industry, FunderMax developed Biofaser, an organic fibreboard, which to this day is created from fresh wood in a wet fabrication process according to standard EN 622-2 (corresponds to type HB).

Biofaser is suitable for universal use in interior applications without special strength requirements. Due to our unique production process, FunderMax is able to eliminate the use of synthetic resins almost entirely. In its raw state, the board has a smooth top and a dimpled structure to the back.

To increase the resilience of the Biofaser board, the surface can be coated with melamine resin paper, varnish or foil.

The advantages:

- ➔ versatile – wide range of applications
- ➔ easy to process
- ➔ made from natural and renewable raw materials
- ➔ formaldehyde content is comparable to natural wood
- ➔ easy disposal

Applications:

Door and furniture industry, automotive industry
